Ecclesiastes - Part 8

Caleb Beets

Is there sin in those around you that you have kept silent about?

- Are you praying for them to be free from that sin?
- Have you approached them in love so that God will set them free from their sin?

Is there sin in your own life you are keeping silent about?

- Confess it to God
- Confess it to others

Are you trusting God in the authority he has placed over you?
